-------------	--------------------------	-------------------------

### **SPECIAL INTEREST GROUPS: 16.15-17.30**

#### **"Technology and legislation: geeks at the gates" (Room R034)**

Politicians and policy makers often don't understand new technologies, but comment and legislate anyway. The result can be ill-informed policy and downright poor law. The Open Rights Group helps technology experts enter the public debate, clarify problems and steer decisions in the right direction. This session will give a brief overview of the history and work of the Open Rights Group, and invite participants to discuss strategies for influencing the policy-making process.

#### **CLEAR International (Room R020)**

Access to justice in rural Africa: Christine John CEO, MSc. B.A., Solicitor, International Secretary of CLEAR International presents how her organisation is enabling access to legal advice for all by bridging the digital divide. CLEAR International provides legal education, aid, technological expertise and research to and on behalf of the poorest in society in the developing world

#### **E-Learning: practical workshop (Room tbc)**

A collaboration between UKCLE and the University of Hertfordshire's Blended Learning Unit (BLU) providing a hands-on session on modern technology and how it can be used in the classroom. This session will look at podcasting and how audio files can be integrated into modules. This session has limited places – please ensure you register at the Conference Reception Desk.

17.30	<b>Break</b>
